

BUS SERVICE

New students registering after August 11th, 2022 will NOT have bus service the first day of school.

This includes current students providing new addresses, or families requesting transportation from a sitter.

If a completed registration, change of address, or alternate transportation request is submitted between 8/12/2022 and 8/17/2022, bus service will begin
Wednesday August 24th, 2022

Beginning 8/18/2022 our regular Transportation policy goes into effect. The district requires 5 full working days after the day you register to implement transportation.

You may contact your school or the Transportation Department for bus information 5 days after registering. Bus information is also listed in the home access center.
